"The Price Upon Request" for Rare and Historically Significant items has been established for two reasons. First and foremost, for the benefit and protection of the collector. For these items, MEARS Authentication, LLC will provide an estimate in advance and the justification of the fee, as well as if MEARS Authentication, LLC feels it can adequately answer the questions surrounding the item in question. Secondly, MEARS Authentication, LLC has seen in the past two years that the fees charged for the level of work surrounding certain items does not cover the cost of time and material, especially if it involves travel for research or the purchase of references. Therefore, the cause of the updated fee schedule. Pete Rose, Joe Jackson, Roger Maris, and Thurman Munson will be evaluated at the HOF rate. Tier 1 & 2 players will be determined at the sole discretion of the MEARS Authentication, LLC staff.
